

VAIBHAVI KHARAWANE

Solapur, Maharashtra | 91+9309977264 | [Linkedin](#) | [Github](#) | kharawanevaibhavi@gmail.com

Motivated and detail-oriented aspiring **Data Analyst** with a strong interest in working with data and finding meaningful insights. Skilled in **Python, SQL, Excel**, and **Power BI**, with hands-on experience in **data analysis, dashboard creation**, and **reporting**. Able to **clean, organize**, and **analyze data** to support better decision-making. Quick learner with good problem-solving skills and a passion for turning data into useful and easy-to-understand information.

EDUCATION

Pursuing B.Tech in Computer Science and Engineering :
Walchand Institute of Technology ,Solapur |CGPA : 9.14

November 2022 - Present

SKILLS & ABILITIES

Programming Languages: Python, SQL, Java, JavaScript

Data Analysis & Visualization: Power BI, Excel, Pandas, NumPy, Matplotlib

Databases: MySQL, MongoDB

Tools / Platforms: Git, GitHub, Jupyter Notebook, VS Code, Windows, Linux (Ubuntu)

Relevant Coursework: Data Structures & Algorithms, Data Science, Machine Learning, Database Management System, Statistics

Soft Skills: Analytical Thinking, Problem-Solving, Communication, Team Collaboration, Adaptability

PROFESSIONAL EXPERIENCE

Machine Learning Intern

February 2025 - March 2025

Microsoft & SAP CSR Initiative

- Developed a Personal Fitness Tracker using Python and Machine Learning.
- Built and deployed the model using TensorFlow and Streamlit.
- Documented and published the project on [GitHub](#).

Data Analyst Intern

January 2026 - Present

Intangles pvt ltd

- Worked on real-time OBD vehicle data analysis during the internship .
 - Managed scripts and APIs for vehicle data fetching and processing.
 - Gained hands-on experience in real-world data handling and project workflows.
-

PROJECT

Hand Gesture Recognition

April 2025 - May 2025

- Developed a Hand Gesture Recognition System using Python and OpenCV.
- Processed real-time gesture data for accurate hand movement detection.
- Implemented gesture-based controls to improve user interaction

AI-Powered Sanskrit Learning Assistant

July 2025 - May 2026

- Developed an AI-Powered Sanskrit Learning Assistant using AI and NLP techniques.
- Integrated OCR, translation, and simplified Hindi explanations for Sanskrit text.
- Added quizzes, voice verification, and glossary features for interactive learning.
